

The Answer – All machine

Welcome to our short ad!

Children often fight with each other,
don't they?

Hey!
Stop
fighting!

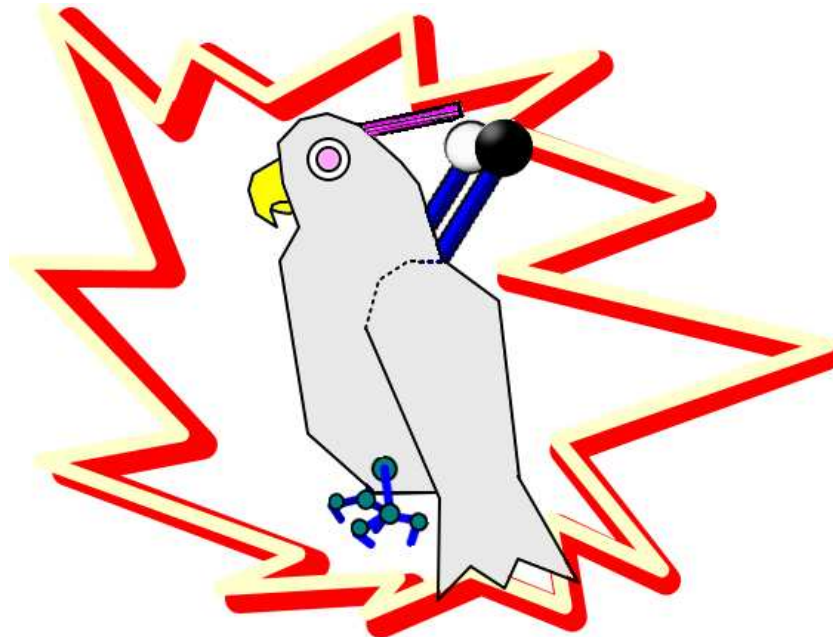

What for?
Why? Why? Why?

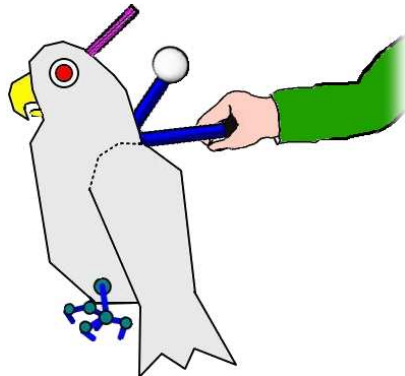

Having similar issues? If you have the *Answer – All*, the bird that literally answers all, you don't need to worry at all!

All you need to do is push either the black or white switch.
The black switch is for prohibiting.

That is bad.
You must not do what is bad.

Note*

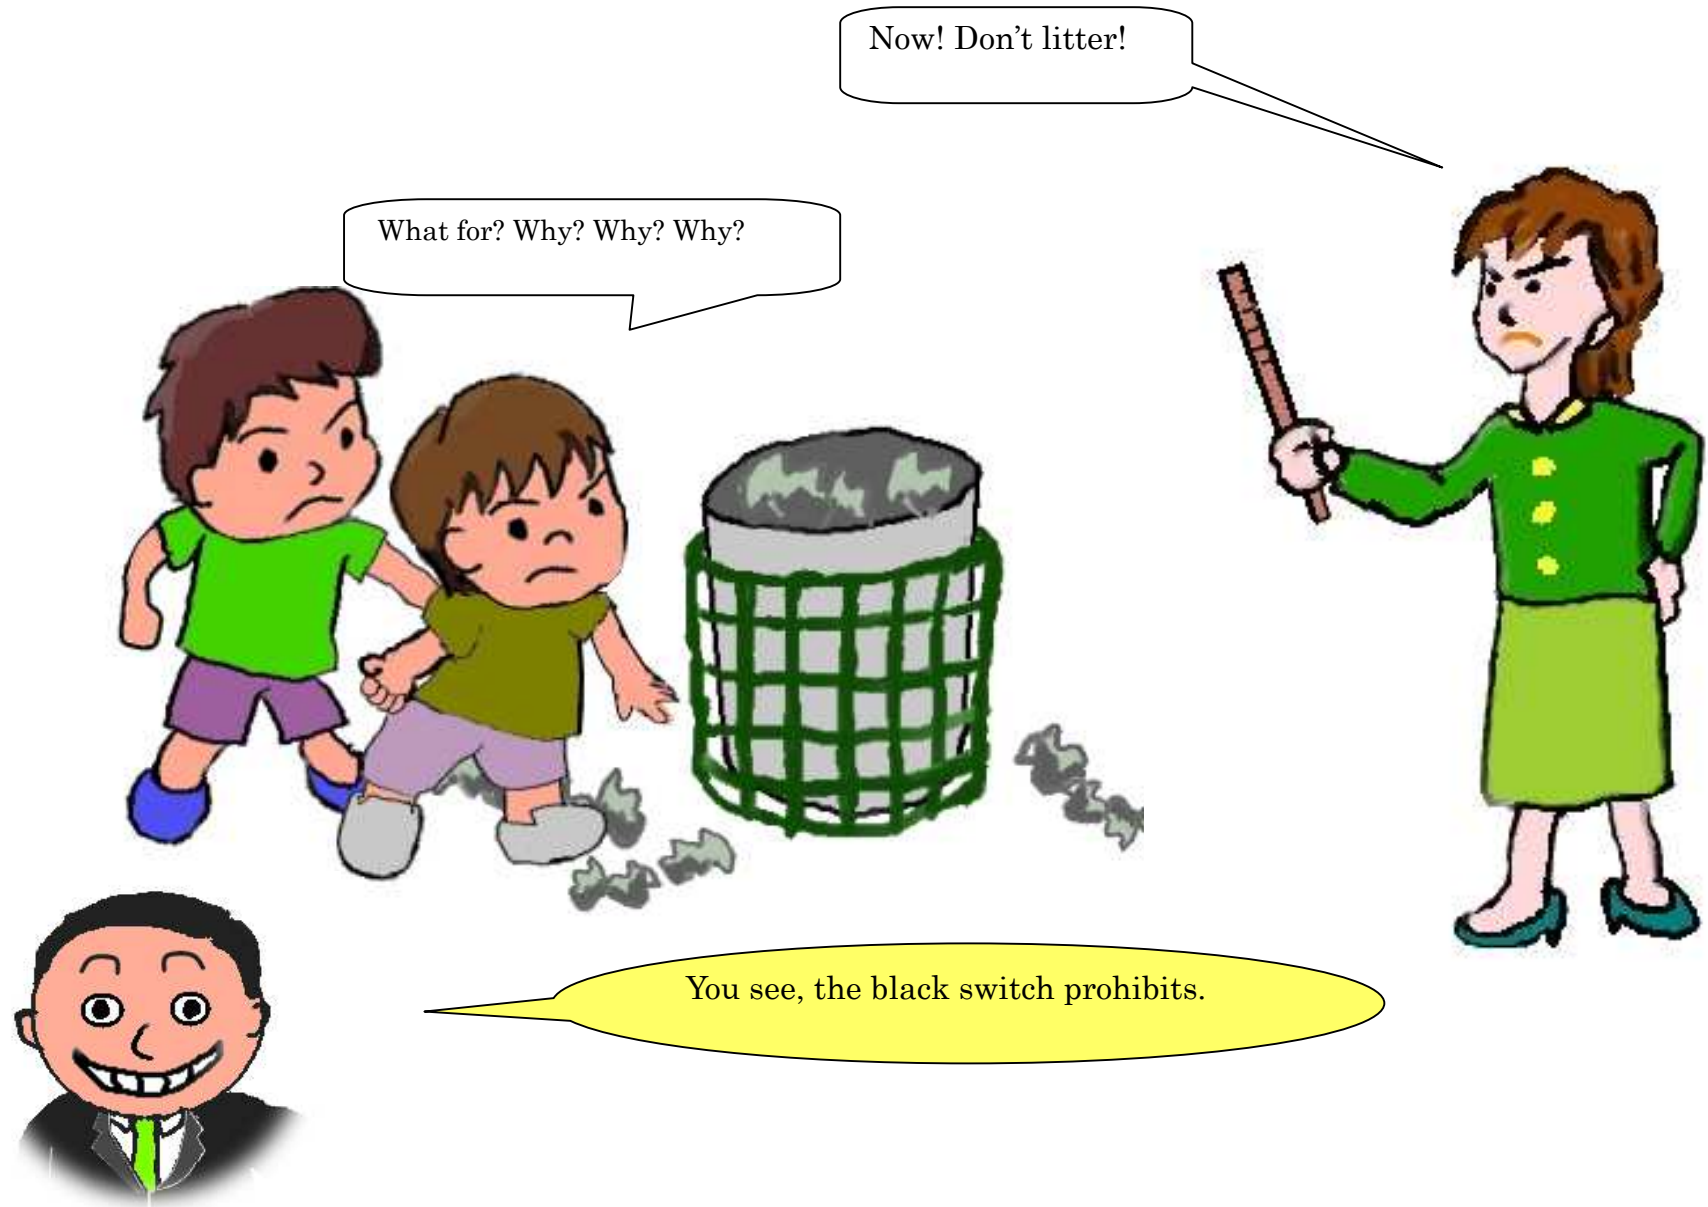

Hmm, I get it.
Fighting is bad.

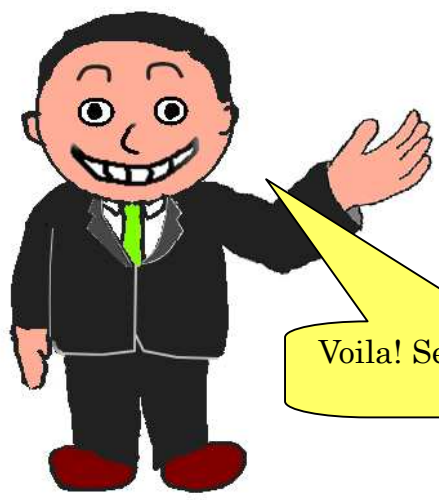

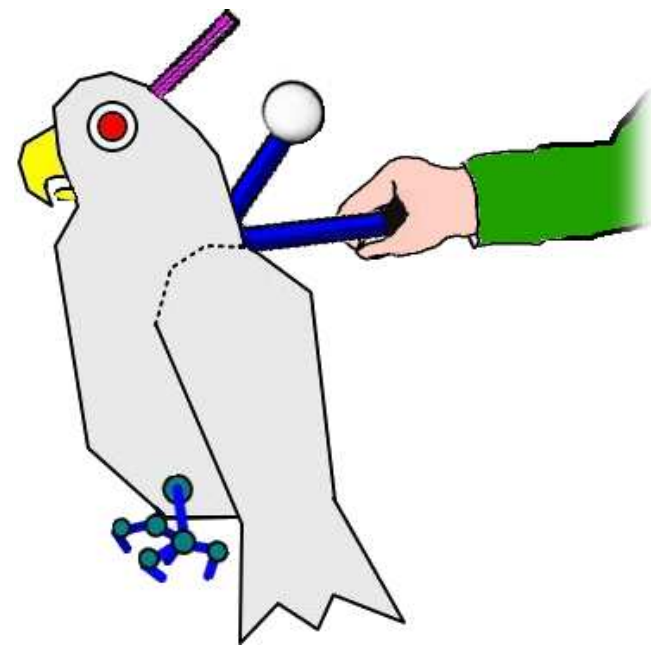

* The judgment by the educating machine is an example only and the writer does not intend to claim judgment of what is *good and evil*.

Even when the kids litter...

That is bad.
You must not do what is bad.

Voila! See for yourself!

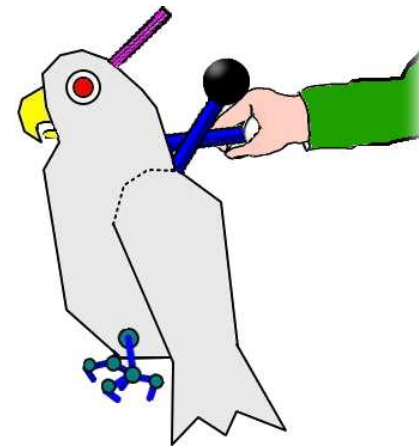

On the other hand, if you want your children to do something, please push the white switch.

Why should you get along with everyone?

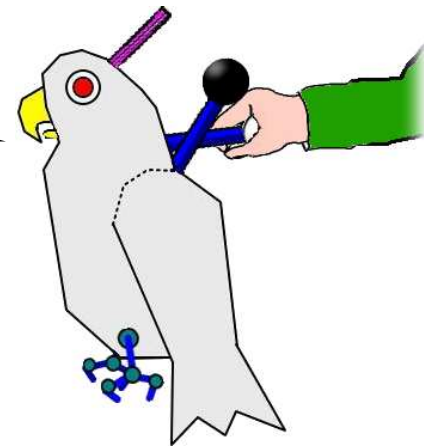

This is good. You must do what is good.

Why must you be honest?

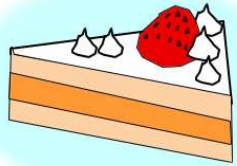

This is good. You must do what is good.

The black switch prohibits.

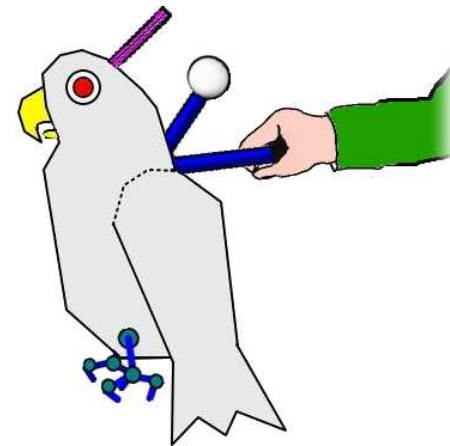

Why should you not eat only sweets?

Why must you not kill others?

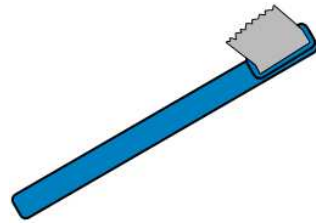

That is bad.
You must not do what is bad.

The white switch does the opposite.

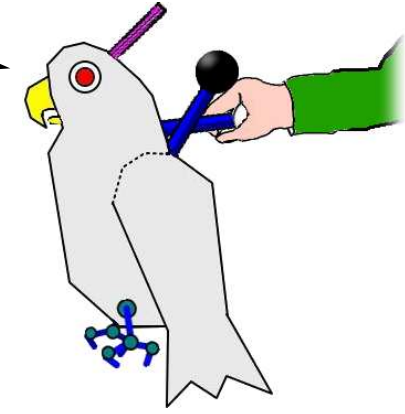

Why must we brush our teeth?

Why must we fight for justice?

This is good.
You must do what is good.

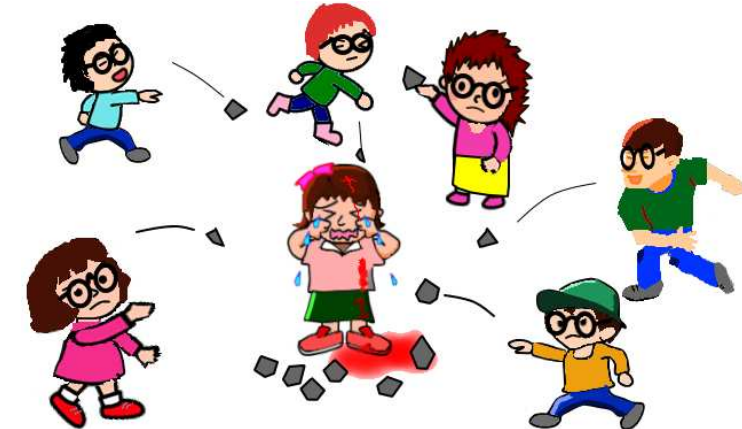

And if the kids still have not been convinced or go against you...

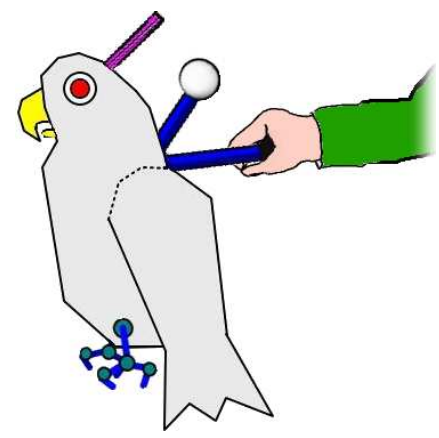

Though adults kill many people,

...why mustn't we bully our friends?

That is bad.
You must not do what is bad.

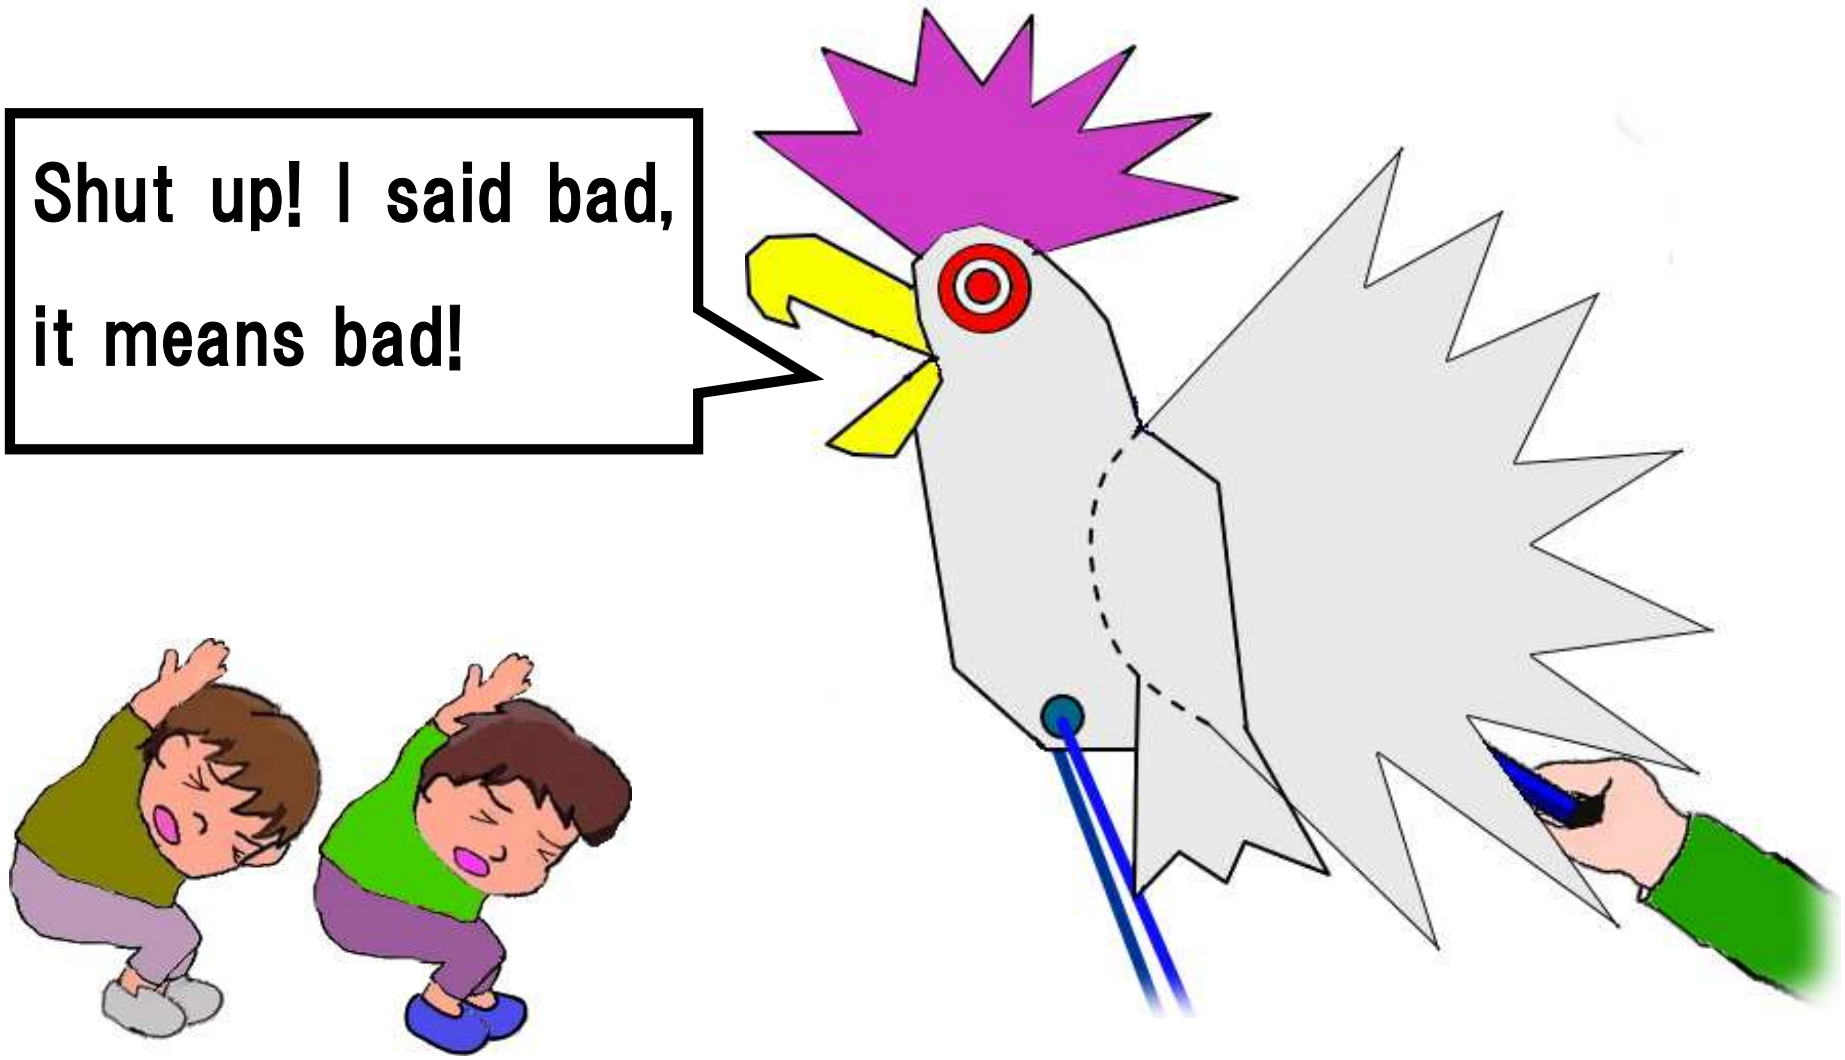

What?
I don't get that!

If this happens, all you need to do is push the switch even deeper.

**Shut up! I said bad,
it means bad!**

Now, what do you think?

educate

With the *Answer – All*, you can ~~control~~ your children
without having to think a thing!

It has only 2 switches!
So simple!

What's more,
the *Answer* - *All* can
teach history and much,
much more!

Take a look at how well *Answer – All* can teach!

Why did Germans kill Jews in the past?

Why did the Japanese fight against the Americans in the past?

Why did Americans enslave African Americans in the past?

It is because they are bad.

Note*

If you grip harder, the sentences change.

*I repeat that the judgments made by the machine are mere examples only, and the writer does not intend to claim judgment of what is *good and evil*.

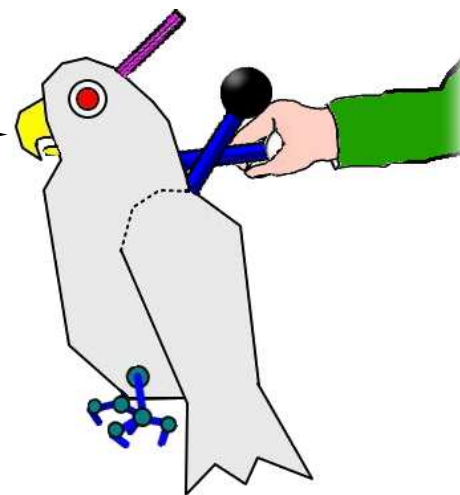

Then why don't the present Germans kill Jews?

Why don't the present Japanese fight against the Americans?

Why don't the present Americans
enslave African Americans?

It is because they are good.

With regard to current various social problems, see this!

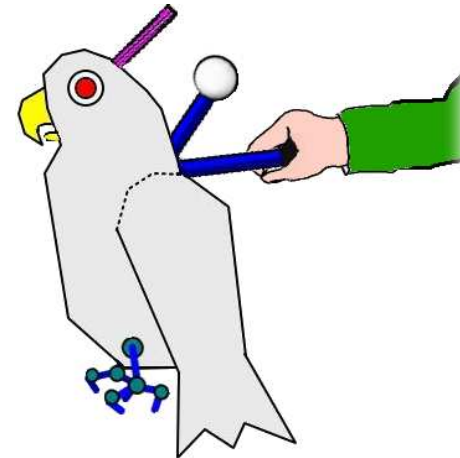

Why did Americans attack Iraqis?

Why is he being a pervert?

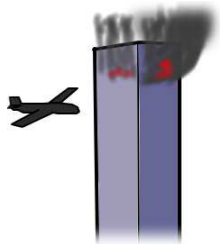

It is because they are bad.

See! It answers all of the children's doubts.

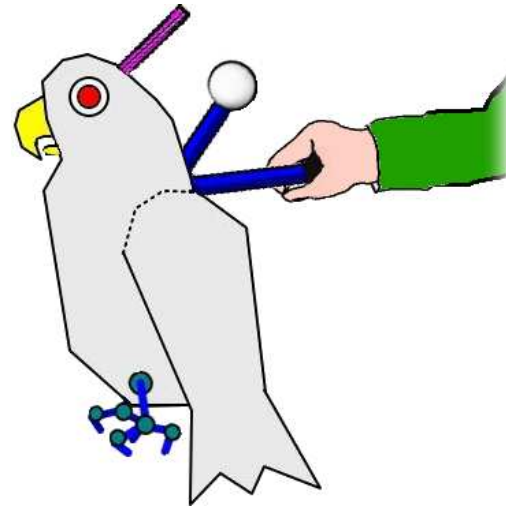

Why did the terrorists attack New Yorkers?

Why does he smoke even though he is still a child?

It is because they are bad.

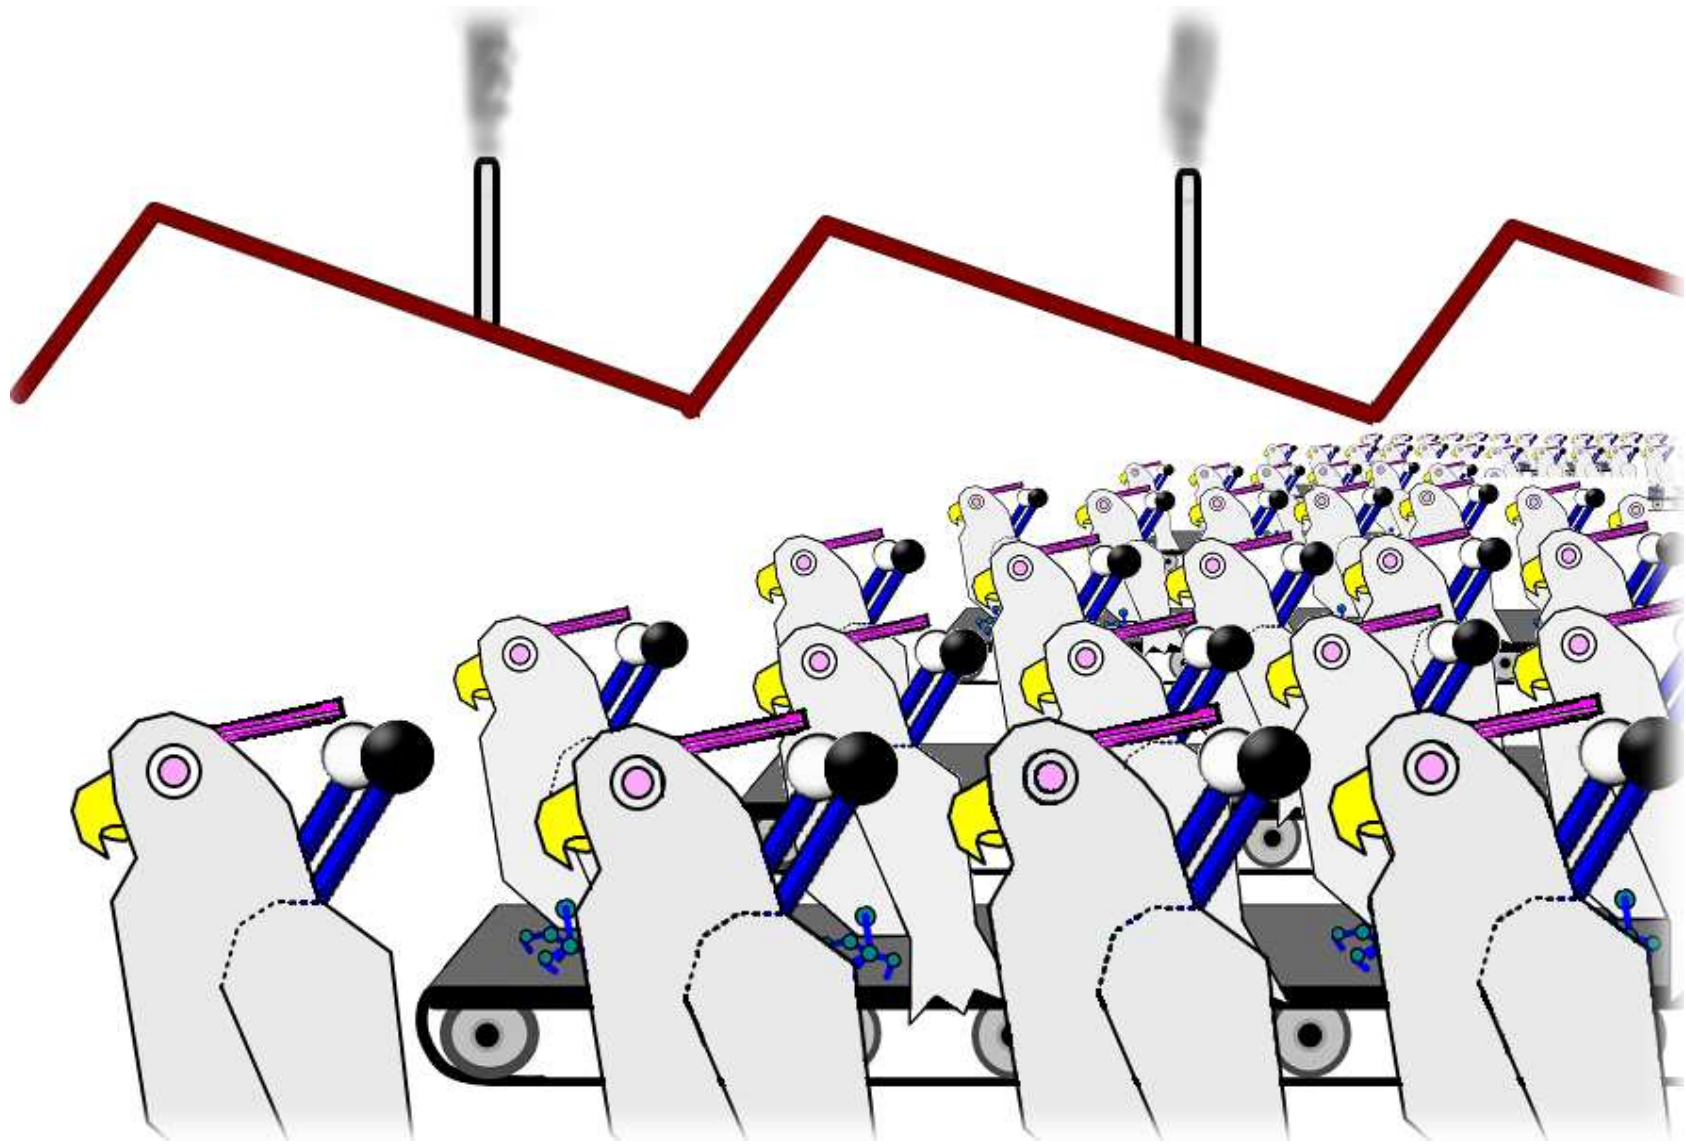

You see?

With an *Answer – All*, you can ^{educate} ~~stop~~ a man
to ^{know} ~~think~~ ^{what} ~~is~~ ^{good} ~~and~~
~~from~~ ~~thinking~~ ~~and~~ ~~telling~~ ~~the~~ ~~difference~~
^{evil}
~~between smoking and wars!~~

What's more,
it's free!

Afterword

The theme of this picture book depicts how dangerously the words/concept of *good and evil* can blind humans.

The words/concept of *good and evil* work in the human mind on a subconscious level, bearing a complex of illusions. These illusions cause crimes, either directly or indirectly; various social problems; tragedies such as wars and/or terrorism and furthermore, it shuts the door to solving such tragedies. (For more details, please refer to my book, *Good and Evil Addiction*).

I have written this picture book with the aim of reducing these tragedies on earth.

If you empathize with this picture book, we would appreciate it if you could show them to your family and friends.
